

SIZE GUIDE

BELTS

Size		34	36	38	40	42	44
Body Waist Measurement	Inches	33 - 35	35 - 37	37 - 39	39 - 41	41 - 43	43 - 45
	cm	83 - 89	89 - 93.5	93.5 - 99	99 - 104	104 - 106.5	106.5 - 111.5
Belt Measurement **	Inches	33.5	35.5	37.5	39.5	41.5	42.5
	cm	85	90	95	100	105	110

** The length of the belt is measured from the buckle to the 3rd or center hole on the belt

HOW TO MEASURE

1. Measure ALL around the waist as outlined in the diagram
2. Take the waist measurement and see where the value lies within the Body Waist Measurement chart above
3. Note the corresponding size above the measurement for placing your order online
4. If your waist measurement lies between sizes, then we suggest to order one size up for added room

NOTE: All braided and punctured belts allow you to essentially fasten the best at any point on the belt so this does allow for extra adjustment. We advise that you follow the general size chart above to avoid too much or too little overlap.
